

STEREO/ACTIVE

FUSION[®]

WHO IS

FUSION Entertainment is world renowned for engineering innovative audio solutions that are enjoyed around the globe by the most prestigious boat designers and manufacturers.

A FUSION marine entertainment system is the measure of quality; chosen by those who appreciate acoustic excellence and demand superior environmental protection.

FUSION is a New Zealand based True-Marine Entertainment Company, owned by Garmin New Zealand, with support offices located around the world!

A passion for watersports, a craving for adventure and a love of music paddles FUSION into this new direction. Whether you're stand up paddling for fitness, kayak fishing, canoeing, tubing or even experimenting with SUP Yoga, music can motivate, relax and enhance the overall experience.

By approaching every new market from the perspective of our customers FUSION innovates solutions that truly improve any watersport activity.

This is what separates FUSION from the rest, and why your next adventure will be backed by a FUSION soundtrack.

Family, Friends, FUSION.

STEREO/ACTIVE

Introducing the FUSION **STEREOACTIVE**, the world's first purpose built watersport stereo. Designed and engineered in New Zealand by FUSION. The **STEREOACTIVE** is designed for the challenge of life on the water and tuned to deliver crystal clear audio that enhances any activity.

This isn't your standard Bluetooth speaker, this is a fully waterproof portable watersport **STEREO**. Featuring a unique Puck-it mount system that lets you attach the stereo to any paddle board, kayak, canoe, dinghy/tinny/jon boat or even Jacuzzi.

To keep your smartphone safe during your excursion, FUSION has created the **ACTIVESAFE** which will securely house any smartphone, a standard vehicle key and any loose cards or change.

Available in 3 colors:

Red: WS-SA150R
White: WS-SA150W
Blue: WS-SA150B

AUDIO FEATURES

BLUETOOTH™

Stream audio from any popular music service such as Pandora or Spotify from a compatible A2DP Bluetooth enabled device. To protect your smartphone from the water, simply lock it inside the **ACTIVESAFE** and control the audio from a compatible Garmin smartwatch via Ant.

FM / AM RADIO

Keep up to date with current events or tune into your favorite hits with the built-in FM / AM tuner. A sophisticated internal antenna enables clear reception and dedicated preset buttons have been allocated on the keypad for your favorite stations. Weatherband available in USA only. Supported regions: Japan, Australasia, Europe, USA.

USB AND EMERGENCY CHARGE

A waterproof cavity is designed to provide secure housing of a low profile USB flash drive (MP3 playback) inside the **STEREOACTIVE**, allowing you to enjoy your favorite MP3 tracks while keeping the flash drive safe. If your smartphone is running low on power the USB port provides an emergency charge system (Dependent on **STEREOACTIVE** battery state).

- Made for Apple and iPhone IAP2 lightning connector products.
- AOA 2.0 audio playback support for compatible Android phones over USB.

12 UNIQUE VOICE PROMPTS

12 unique voice prompts provide audio feedback when you engage with the **STEREOACTIVE**. As you cycle music sources, save presets, and even charge the battery, you'll be kept informed. The **STEREOACTIVE** supports voice prompts in English, French, German, Dutch, Italian and Spanish. To change languages simply visit www.stereoactive.com to download the language update.

MADE FOR ADVENTURES ON THE WATER

IPX7 WATERPROOF & FLOATS

Engineered to the IPx7 waterproof standard, the **STEREOACTIVE** will survive submersion in up to 1 meter of water for 30 minutes and come back singing. Whether you choose to paddle the calm or tackle the waves, your stereo is prepared for anything.

DIRECTIONAL SPEAKERS

Designed to distribute the audio to you without disturbing others on the water. The off axis correction of the polycarbonate grille works perfectly by directing the audio efficiently for crystal clear enjoyment. The powerful 10 watt speaker system boasts enough power to get you motivated on any kayak, paddle board or dinghy/tinny/jon boat.

LARGE, EASY TO PRESS BUTTONS

The scalloped design of the control buttons were designed with your paddle in mind. Whether you're standing on your paddle board or rowing in your canoe, you can always adjust the entertainment with the tap of a paddle. The high grade rubber overmolded key pad is engineered to take a paddling.

UP TO 20 HOURS OF BATTERY LIFE*

By enlisting a 1st tier battery supplier the high powered lithium ion battery built in to the **STEREOACTIVE** will keep the music playing for up to 20 hours.

Charge technology allows you get back to the fun within 3 hours whether you're charging in the car or a wall socket.

*Results may vary depending on listening volume and connecton type eg. BT-USB

GARMIN VIRB

A flat mounting surface has been positioned perfectly to allow for the mounting of a Garmin Virb or action camera, so you can record the good times while you paddle to the music. Control the Garmin Virb with the same smart watch used to control your **STEREOACTIVE**.

PUCK-IT ANYWHERE

The Puck-It is a FUSION designed mounting solution that allows you to securely fit a **STEREOACTIVE** or **ACTIVESAFE** to the surface of a paddle board, kayak, canoe, dinghy/tinny/jon boat and even a jacuzzi; leaving you to enjoy your music rather than worrying about losing your stereo to the depths below.

A PUCK TO SUIT ANY APPLICATION

The directional mount system allows you to face the **STEREOACTIVE** in four directions.

Engineered for easy puck and play placement, and keyed in place to reduce movement when a button is pressed.

The standard Puck-it system includes both an adhesive pad and mounting screws for fixed placement.

FUSION also offers an optional accessory in the form of an adjustable strap mount Puck-it for non-permanent application.

PUCK-IT LIKE A PRO

1 STEP ONE

Define the Puck-it solution you require, do you need a Ram or Railblaza mount, or will the standard Puck-it do the trick?

2 STEP TWO

Identify a location for the Puck-it that allows room for the **STEREOACTIVE** to sit nicely and direct music accordingly.

3 STEP THREE

Before applying the adhesive puck, clean the surface of any sand, grit, wax, grease or oil with a damp cloth. Triple check the placement, ensuring the alignment is straight and apply.

- The 4 mount system lets you Puck-It in 4 directions.

- A 3mm adhesive pad is provided to secure the Puck-It if needed.

- Screw mounts are provided for fixed placement or integration with a Ram Mount.

FUSION has partnered with both Ram mount and Railblaza to create specialized Puck-it solutions that work with both these industry leading mounts.

WATCH / SMARTPHONE

Take control of your paddle entertainment with FUSION's intuitive app solutions, available for smartphone and smartwatch owners.

Track your pulse and paddle stroke, and skip to your favorite song from a compatible Garmin smartwatch. Get in the zone to burn calories and set a new personal best with FUSION-Link control directly from your wrist.

Apple and Android smartphone users can enjoy Bluetooth app control with the free FUSION-Link app available for download from either app store.

Tune and save FM pre-sets, navigate USB MP3 music tracks and keep an eye on the STEREOACTIVE's battery level directly from your smartphone.

WATCH

By using the power of ANT, Garmin smartwatch owners can directly control the **STEREOACTIVE** music source even in the absence of a smartphone connection.

Turn the volume up / down, skip tracks and change sources directly from a compatible smartwatch.

Current supported watches include: Garmin VivoActive HR, VivoActive, Quatix and Fenix 3

FUSION-LINK APP

Download the free FUSION-Link app from the Apple or Android store to enable **STEREOACTIVE** Bluetooth control. (Supported by Apple lightning products.)

App functionality includes the ability to set tuner regions, scan stations, set pre-sets, adjust bass/treble, adjust volume and select your favorite music track

- Garmin's VivoActive HR is a perfect companion for the STEREOACTIVE.

KEEP YOUR VALUABLES SAFE

ACTIVE SAFE

Engineered to fit perfectly onto any FUSION Puck-it solution, the **ACTIVESAFE** is completely watertight and rated IPx7 waterproof.

Once pucked to your board, kayak or dinghy/tinny/jon boat, the **STEREOACTIVE** will puck on top, giving you a tidy stereo and storage combo.

Just like the **STEREOACTIVE**, the **ACTIVESAFE** is designed to float in the unlikely event that it is detached from the Puck-it mount.

Large enough to store the iPhone 6s Plus, a standard car key, your credit cards and loose change.

ACTIVESAFE floats with your valuables inside, as well as with **STEREOACTIVE** attached to it.

- IPx7 Water Proof & floats, when loaded with all your valuables, and Pucked to the **STEREOACTIVE**

- Large enough to store the iPhone 6s Plus, a standard car key, your credit cards and loose change.
